HALFTIME TEDDY BEAR TOSS WITH SALT LAKE STARS

Granite Education Foundation has teamed up with the Salt Lake Stars, the city's new NBA Developmental league basketball team, for a halftime Teddy Bear toss! On Friday, January 27 for only \$10, attendees can get a ticket to the game AND a teddy bear which they will throw onto the court during halftime. All teddy bears will be donated to the foundation which will then be given to low-income and needy children in the district as part of the Santa Sack Program. Last year we put together more than 2500 sacks and ended up running out of stuffed animals, so this will be an awesome boost for next year.

We need your help to reach our goal of collecting 500 bears for these kids!

Please send the attached flyer on to those you can! This will be an incredibly fun event for everyone.
